

ATRIA WINE / SPRING

Right now is the single best time in history to drink wine. Great wine is plentiful, offering more diversity and enjoyment than ever before. But amidst so much quality, our task becomes seeking out the truly distinctive. For us this means delicious, soulful wines that express their origins with clarity, vitality, and grace.

GROWER CHAMPAGNE BY THE BOTTLE

A revolution in Champagne: Grape growers are deciding to make their own wine. Historically, Champagne has been produced by large houses who buy grapes from across the region to produce a consistent, but homogeneous product. This blurs the fact that Champagne is as diverse and compelling as any wine region on earth. The wines listed below are not sweeping blends, but instead come from specific places. Thus their great beauty is that they enable us to look at Champagne from the perspective of terroir.

Gaston Chiquet Blanc de Blancs Brut d'Äy | 137

Among the greatest of all grower-producers, Chiquet was the first to stop selling his grapes. This chardonnay comes from a Grand-Cru rated village for Pinot noir – and it shows in its weight and richness. The truest expression of terroir in Champagne.

Chartogne-Taillet Cuvée St. Anne Brut – Merfy | 126

One of Champagne's rising stars. Perfection: chalky and gently perfumed. It's not about the fruit, but about the flow of heavenly juice across the palate.

Pierre Peters Cuvée de Réserve Brut Blanc de Blancs – Mensil-sur-Oger | 155

The very best of NV blanc de blancs. From the same Grand Cru vineyards as Krug and Salon, this wine offers crystalline precision — among the purest expressions of Chardonnay in Champagne.

Nathalie Falmet Cuvée Brut Nature – Côte des Bars | 135

Falmet farms just three hectares in the Côte des Bars, Champagne's southern outpost. This electifying cuvée is composed entirely of Pinot noir, sourced from a half-hectare vineyard, providing fruity mousse coupled with a freshness reminiscent of nearby Chablis.

Marie Courtin Cuvée Resonance – Côte des Bars | 117

This cuvee is made from 100% Pinot noir, farmed biodynamically, and fermented and aged in stainless steel with zero dosage. It's generous, textured, and with great depth. It's also rare: only 9,000 bottles are produced.

RED WINES BY THE BOTTLE

WILLAMETTE PINOT NOIR

A temperate climate makes these wines a stylistic stepping stone between California and the Côte d'Or with generous fruit, purity, and mineral complexity.

CALIFORNIA PINOT NOIR

These wines balance depth of fruit, expressive aromatics, and lush texture. Winemakers are migrating to the coolest, most windswept environments they can find to produce the state's the most elegant and site-specific wines.

NAPA CABERNET: THE VALLEY FLOOR

Cabernet sauvignon grown in Napa's lower lying valley shows opulent ripeness derived from hot afternoons, warm nights, and deep alluvial soils veined with volcanic sediment. Expect rounded tannins, plush fruit and depth.

NAPA CABERNET: THE MOUNTAINS

High above the fog line, Napa's mountain fruit shows stunning lift – a ripeness derived from intense sunlight without the heat of the valley floor. Low yields contribute to a remarkable combination of deep fruit and a Bordeaux-like focus and austerity.
